

GROUSER

AG PRO_{SS}

Grouser has developed a new class of *AG PRO* dozers for your 350-700 HP tractor. Designed to be the ultimate Silage Blade. The Silage Special has an unobstructed slanted top surface along with a grille guard to prevent silage from building up and being pushed into the tractor grille. The new *AG PRO_{SS}* blade along with the *AG PRO plus* undercarriage and lift system will raise the blade up and out of the way, meeting your customers requirements to spread and pack silage efficiently.

Unmatched Lift Height, Ground Clearance and Approach Angle

NEW FEATURES !!

- Increased Lift Height
